**Re: 2024 IEEE Transactions on Smart Grid Paper Recognition**

Dear Yan Xu,

It is my pleasure to officially recognize you and your authors for your paper: Z. Li, Y. Xu, P. Wang and G. Xiao, "Restoration of a Multi-Energy Distribution System With Joint District Network Reconfiguration via Distributed Stochastic Programming", in IEEE Transactions on Smart Grid, vol. 15, no. 3, pp. 2667-2680, May 2024, which has been selected as the 4th paper out of the top 5 papers chosen among over a thousand articles published in the IEEE Transactions on Smart Grid (TSG) in the past 3 years.

A PES Webinar will be organized to present these top papers by the TSG Senior Associate Editor, Prof. Gregor Verbic, and thus you and your authors will be invited soon to participate in this special event. Note that the first paper selected for TSG recognition will also been nominated to the PES Technical Council for the 2022 PES Prize Paper Award. The details of the selection process can be found on the TSG webpage at [https://ieee-pes.org/wp-content/uploads/2023/01/TSG\\_Recognition\\_content\\_added\\_to\\_website\\_12-13-21.pdf](https://ieee-pes.org/wp-content/uploads/2023/01/TSG_Recognition_content_added_to_website_12-13-21.pdf).

I thank you very much for your and your co-authors' outstanding contributions to the TSG, which are helping to make the journal the excellent and world-renown publishing venue that it is now. I look forward to your continued support through your excellent TSG publications.

Congratulations and thanks!
